

“Fall In Love with Downtown”

A Music & Dance Collaboration for our City

AI **DF** **AMELIA ISLAND**
DANCE FESTIVAL

CRESCENDO **AMELIA**
BIG BAND

The **Amelia Island Dance Festival** is proud to announce a partnership with *Crescendo Amelia Big Band* and our community to bring an iconic music video & local dance collaboration to Fernandina Beach Fl. This project will highlight the world class talent in our own backyard and beyond, featuring a team of local dance studios, professional musicians, choreographers, dancers, and more across NE Florida.

We invite you to be a part of the story & celebrate this collaboration with us. Your donation will help directly support this project and all the artists involved.

Set to the classic big band sounds of the classic tune **“Almost Like Being in Love”** as recorded by Crescendo Amelia, this video will showcase the unique charm of Fernandina Beach and our downtown with a diverse group of dance studios and dancers of all ages including students, amateurs and professionals. Community matters, and we all have our reasons for being “in love” with our town, *what’s yours?*
